About Me

Motivated and passionate Django Backend Developer with a growing interest in modern frontend technologies like JavaScript and React.js. Skilled in building full-stack applications with clean, scalable, and efficient code. Experienced in real-world projects, teaching programming fundamentals, and collaborating in team environments. Open to opportunities that challenge my skills and help me grow as a professional full stack developer.

Technical Skills

- **Frontend:** HTML5, CSS3, Tailwind CSS, JavaScript (Learning), React.js (Learning)
- **Backend:** Python, Django, Django Rest Framework
- **Database:** MySQL, PostgreSQL, SQLite
- **Operating System:** Windows, Linux

Soft Skills

- Problem-solving and analytical thinking
- Fast learner and adaptable
- Leadership and mentoring abilities
- Time management and multitasking
- Creative and innovative mindset

Experience

Full Stack Developer (Django) - December 2025 - Now

Universe Soft Tech

- Developing and maintaining full-stack web applications using Django and Tailwind CSS.
- Backend API design and database structure.
- Participating in debugging, testing, and deployment processes.

Python Backend Developer - December 2024 - November 2025

Universe Soft Tech

- Built and optimized RESTful APIs using **Django Rest Framework (DRF)** for seamless frontend integration.
- Designed relational schemas and optimized **PostgreSQL** queries to improve data retrieval speeds.

Python Programming Trainer - Dec 2024 - Apr 2025

Digicon Technologies PLC

- Taught Python fundamentals to school students.
- Prepared structured lesson plans and practical coding exercises.

- Guided students in completing mini-projects and understanding problem-solving logic.
- Encouraged hands-on learning and built students' programming confidence.

Education

Diploma in Engineering in Computer Science - 2025

Chandpur Polytechnic Institute, Kachua, Chandpur

- Completed coursework in software development, data structures, web development, and algorithms.
- Active participant in programming clubs and skill development activities.

Secondary School Certificate (SSC) - Science - 2021

Rahimanagar BAB High School

- GPA: 5.00 / 5.00
- Participated in science fairs and co-curricular tech events.

Projects

Janmobhumi Group - Real Estate Website

- A dynamic property listing system.
- custom filtering and search functionality to help users navigate properties by location and project status.
- **Tech:** Django , MySQL
- **Live :** <https://janmobhumigroup.com/>

Mayaj - E-Commerce Website (Shoes)

- Full-stack e-commerce platform with product listing and payment integration using SSLCommerz.
- **Tech:** HTML5, CSS3, Tailwind CSS, Django
- **GitHub:** <https://github.com/abdullahfahim2/mayaj-backend>
- **Live:** <https://mayajbd.pythonanywhere.com>

European Consultancy - Travel Service

- Tour Package Management
- Visa Processing Workflow
- **Tech:** Django , MySQL
- **Live:** <https://europeanconsultancybd.com/>

Zonaki - Multi Vendor Marketplace

- Vendor Registration and Independent Dashboard
- Commission Based Order System
- Product Listing & Inventory Control
- **Tech:** Django , MySQL
- **Live :** <http://zonaki.com.bd/>

Languages

- **Bangla:** Native
- **English:** Communicational
